² Klein Esopus was the name applied from an early date to a large tract of country extending southward from the present Rondout Creek. It was called "Klein (or Little) Esopus" to distinguish it from the "Groote (or Great) Esopus," the name applied in a general way to the country north of the same creek. A part of Klein Esopus is now included in the present town of Esopus. (See note 2, page 499.)
